

# Envision Prep CHARTER SCHOOL

We Have Rigorous Academic Expectations

for ALL of our students

## HIGH EXPECTATIONS SUPPORT EVERYONE

Students, Educators, and Communities thrive when we are challenged to succeed.

We believe that high academic expectations must be rooted in a curriculum that is responsive to the needs of students and grow and build social skills. Our core academic program in all content areas relies on:

### INCLUSION

Envision Prep believes that every child has unique strengths and that children learn best when they can learn from each others' successes and failures. We all benefit from working together. Educators, students, and families all embrace our school as a community for learning.

### DATA-DRIVEN PRACTICE

We believe that dynamic teaching is led by data-driven instruction. We rely on school-wide data systems and collaborative instructional practices. We use data as a tool to adjust individual learning plans, hold rigorous expectations and use Interim Assessments to assess progress.

### RIGOROUS CURRICULUM

We use a fusion high-quality resources that are carefully vetted to meet the needs of our student population. Instruction is uniquely tailored to the needs of each student, the curriculum provides instructional staff with the flexibility to challenge, differentiate, and support scholars at every level.
