EVERYONE WINS WHEN PARENTS & COMMUNITIES ARE ENGAGED
Envision Prep works to support families and partner with the community.

Research shows that when schools invest in their community, families will invest in the school. Envision Prep is dedicated to this mission.

We will engage in:

COMMUNITY PARTNERSHIPS

Envision Prep is committed to working with community-based organizations and after-school providers and making our school a school that belongs to the entire Sunset Park Community.

PARENTS AS PARTNERS

In addition to creating a Parent Advisory Board and including Parent Leaders in each classroom, Envision Prep is committed to regular parent nights, workshops, and family meals.

EARLY INTERVENTION SERVICES

Envision Prep will partner with the Committee on Special Education as well as related service providers, in conjunction with our own social workers and educators to ensure we support students and families.
