We Support an INCLUSIVE School Model

Envision Preparatory Charter School is committed to a school model that supports ALL learners. Here's why:

Inclusion is Good for ALL Kids

From the highest performing student to the most struggling student in the school, inclusion supports all kids.

STUDIES SHOW THAT INCLUSION TEACHES ALL KIDS TO...

Respect Each Other

I have an IEP

Learn From Mistakes

I have a 504 Plan

Try Our Best

I'm an ELL

Work as a Team

I'm a straight "A" student

Celebrate Each Other

I live in a shelter

Inclusion is Good for Educators

I focus on every child's ability before disability.

I meet the needs of each of my students because I understand each of them.

I can provide the interventions that are needed to every student.

Even teachers learn how to work together in an inclusive school. We support each student and each other.

Studies show that students enrolled in inclusive schools, both those with special needs and those without, see greater academic improvements. This means both kids and teachers are more successful in an inclusive school.

Inclusion is Good for Families & Communities

Every child has equal access to an excellent education.

We can all work together, and through that learn about how to empathize with all types of people.

We all have strengths and weaknesses that are highlighted. This helps with future success in school and career.

We meet the needs of everyone in the community, and this helps us understand our community and the people in it.

Studies show that students enrolled in inclusive schools have an increased likelihood of being able to transition and having better long-term career prospects.
